

Lithgow Environment Group Inc cordially
invite you to an afternoon with

Dr Mark Diesendorf

**The Struggle for Humanity's Future. From the energy transition
to a sustainability transition**

Honorary Associate Professor in the Environment & Society Group at UNSW Sydney

When: 30th March 2025, 12.30 to 3pm.

Venue: UWS Lithgow Campus, Lithgow Transformation Hub, Lecture room.

Light refreshments

RSVP: 20TH March 2025 for catering.

“Human civilisation is facing imminent existential threats. One of the most serious, climate change, is being addressed only half-heartedly by governments and industry, although there are no major technological barriers to an ecologically sustainable energy future”!
